**PLAINTIFFS' AMENDED PHASE TWO TRIAL EXHIBIT LIST**

Plaintiffs, by and through their attorneys, SHER LEFF LLP, hereby disclose their  
Amended Phase Two Trial Exhibit List.

The City has pared its main Phase Two exhibit list from over 2000 exhibits to  
approximately 800. The main list contains no new exhibits.

Please note that the exhibit list still includes two appendices of the original three, which  
relate to site remediation files for contamination sites in the RGA and water quality testing data.  
While both appendices are voluminous, the parties have discussed the notion of substituting  
stipulated charts of the water quality data in Appendix C. Even if the parties fail to agree on  
stipulated summaries, we anticipate that only a small fraction (if any) of the documents in either  
appendix will be sought to be admitted by the parties (hence their inclusion on appendices).  
Appendix A includes some documents added in response to the recent production by

ExxonMobil of documents relating to the contamination site at 117-07 Guy R. Brewer Blvd as well as several documents added to previous sites.

With this filing the City does not waive any right it may otherwise have to amend its exhibit lists.
